

# Making MONSTERS

## What You'll Need:

- Construction paper
- Scissors
- Glue stick

## What to do:

1. Create simple monsters and have your child use their device to choose colour, shape and parts
2. Cut out different colour shapes, strips for arms and legs, and white circles for eyes.
3. Have the child use their device to make up things that their monster has, and things they can do.
4. Fill in the My Monster sheet and record all their ideas.

# My Monster Story

Fill out this T-Chart with a bunch wacky things about your monster:

Is

Has

Can
